

**Anne-Beth Skrede, Climate and Environment
Advisor in LO-Norway**

A Trade Union's view on CCS

COP23 Fiji/Bonn, EU Pavilion 6 November 2017

LO's Climate Strategy #3, 2014

- Contribute to understanding and willingness to enforce climate mitigation
- Climate work in our own clubs, unions, and internally in the confederation nationally, and internationally
- Climate work in cooperation and partnerships
- Full scale CCS industry projects
- Electrification
- R&D renewable energy
- Collective transport solutions

LO and NHO's proposals to the government

(March 2015)

- Emissions cuts must have global effect
- National Climate Policy must contribute to create jobs and growth
- There are great opportunities for Norwegian business and industry in the transition to a low-carbon society

Klimapolitikk for
utslippsreduksjoner
og næringsutvikling

LO og NHOs innspill til ny norsk klimaforpliktelse mot 2030

CC(U)S - carbon capture (-usage) and storage

Must become an important future industry and export/import business

Can ensure decent jobs both onshore and offshore

The State must clarify its role;

- predictable framework conditions
- develop infrastructure
- ensure the new industry becomes commercially viable
- strengthen Gassnova and the Climit-programme

The Paris Agreement

PARIS2015
UN CLIMATE CHANGE CONFERENCE
COP21·CMP11
